October 2023 - Now

Assistant Professor

Department of Electrical Engineering and Information Technology, DIETI, University of Naples Federico II

Founded by RESTART consortium

Date

Position

Institution

October 2022 - September 2023

Post-Doc Researcher

Interdepartmental Research Center "Urban/Eco", University of Naples "Federico II"

This is a project with corporate interests, whose activities concern research and development related to the use in the industrial field of 'End to End' speech recognition models based on neural networks. In particular, the activities will concern the training and the evaluation of the aforementioned models, with particular attention to aspects concerning both the explainability and the interpretability of these models.

Supervisor: Professor Francesco Cutugno, Urban/Eco Executive Director

Granted by: Cedat 85 s.r.l

Date

Freelance

2015 –

Freelance in the IT sector

Date

Position

Institution

July 2022 - October 2022

Project Manager

5G Academy, University of Naples "Federico II"

The role fell within the Lister project, concerning creating a translation system from spoken to sign language. The responsibilities included a small part concerning purely managerial aspects like contact with companies or resource management. On the other hand, most of the commitments were on aspects inherent to the design and development of the models and pipelines that constitutes the project itself.

Supervisor: Professor Antonia Maria Tulino, DIETI, University of Naples "Federico II"

| Date | May 2019 |
| Position | Lecturer Introduzione ai Time Series Management Systems. Durante il corso di Basi di Dati II, CDL magistrale in Informatica presso University of Naples "Federico II" Supervisor: Professor Adriano Peron, DIETI, University of Naples "Federico II" |
| Date | May 2019 |
| Position | Lecturer |
| Description | Introduction to Microservices architectures for web development. During the Web Technologies II course, Bachelor Degree in Computer Science at the University of Naples "Federico II" Supervisor: Professor Anna Corazza, DIETI, University of Naples "Federico II" |
| Date | May 2019 |
| Position | Lecturer |
| Progetto | Introduction to Microservices and Docker architectures. During the Software Engineering II course, Master's Degree in Computer Science at the University of Naples "Federico II" Supervisor: Professor Sergio Di Martino, DIETI, University of Naples "Federico II" |
| Date | 25 March 2019 – 29 March 2019 |
| Role | Lecturer |
| Description | "Database Analytics" module at "FS Mobility Academy" |

Supervisor: Professor Gennaro Nicola Bifulco, DICEA, University of Naples "Federico II"

Date February 2018 – 2019

Role Software Engineer

Description Redesign and development of the "Caruso" Android application within the Research Project of National Interest "CHROME"

Supervisor: Professor Francesco Cutugno, DIETI, University of Naples "Federico II"

Experience and Training

August 2022

Organization

Summer School: "Linguistics and speech technology: from theory to tools to theory"
University of Salento

November 2018 – May 2022

Thesis

PhD in Computer Science obtained in the "ITEE - Information Technology and Electrical Engineering" doctoral course at DIETI - Department of Electrical Engineering and Information Technologies

Towards Cost-Performance Awareness in Fog-based Data Management Architectures

Supervisor

Professor Sergio Di Martino, DIETI, University of Naples "Federico II"

Organization

University of Naples "Federico II"

Granted by

AvioAero, a General Electric Aviation company

July 2020

Grade

English language certification

Listening and Reading: C1 - evaluation through Cambridge Placement Test

Speaking: B2 - evaluation through CLA examiner

Organization

CLA (Centro Linguistico di Ateneo) - University of Naples "Federico II"

June 2019

Organization

"14th International Summer School on Software Engineering"

University of Salerno

September 2015 – October 2018

Grade

Master's degree in Computer Science, specialization in "Robotics and Advanced Cognitive Systems"

110/110 cum laude.

Thesis

A protocol to collect interactive museum experiences information

Supervisor

Professor Francesco Cutugno, DIETI

Organization

University of Naples "Federico II"

September 2010 – June 2015

Grade

Bachelor's degree in Computer Science

99/110

Thesis

Implementation of a speech recognition system in Kaldi with support for out of vocabulary words

Supervisor

Professor Francesco Cutugno, DIETI

Organization

University of Naples "Federico II"
